"With reference to your No.C.126/23-24 dated the 7th September 1923 calling for a report by the 20th instant, with regard to (1) the construction of a car for the Kalasa Temple and (2) the establishment of a - chattram at Kalasa in the Mudgere Taluk, I have the honor to state that the establishment of a chattram at the place is not necessary for reasons reported by the Amildar in his report No.70 dated 19th instant, copy of which is herein enclosed for kind perusal.

3. As regards establishing a Chattram at Sangameswarapett, it is an unhealthy place; no persons would prefer to break their journey as Balehonnur which is about 6 miles from it has, besides possessing a Musafarkhans, other advantages as well to travellers. Report No.70 dated 19th September 1923 from the Amildar of Mudgere Taluk, to the Deputy Commissioner, Kadur District:--

---

"I have made enquiries about the necessity of a Chattram at Kalasa. It is only for the "Girija Kalyana" which takes place in the month of Kartheeka and car-festival which takes place in Magha that a large number of people assemble at Kalasa. So far as I have known, the number of pilgrims at other times will be negligible. There is already a Musafar-khana in the compound of the temple which, if improved, will serve the purpose of a chattram. There is also the Chandrasala which is being used by pilgrims even now.

In these circumstances, I do not think it worth-while to spend a large amount for constructing a new building which will be vacant during the rainy season and will serve very few people during other seasons - except on the two occasions mentioned above. Even on these occasions, people stay only for a day and have been feeling no difficulty for - accommodation."

I have inspected the temple this month and discussed the -- matter with the Dharmadarsis. They stated that they are agreeable to the proposals and the design furnished by the firm of Chitragar Lakshmayya and Sons. The estimate framed by them is Rs.6,000/-..
